Spun Polyester

WELCOME TO MAGIC GROUP

We at Magic are engaged in manufacturing, exporting and supplying of a vast range of Hook & loop tapes "Velcro", Sewing threads (Nylon 6, Nylon6.6, Polyester, Spun Polyester, Core Spun,)

Persistent growth is the motto of our organization and to maintain that growth we have developed an in house R&D department that feeds us with regular inputs to bring in fresh changes in product range. Being a client centric organization since inception, our main aim has always been to provide our clients with utmost satisfaction. To satisfy our vast clientele we offer a wide range of standard and customized products at highly feasible prices. We are a quality conscious organization and to ensure that all the products offered to clients are of high quality we have an entire unit dedicated to quality control.

TECHNICAL INFORMATION NYLON / POLYESTER HT

Ticket No	Tex No	Construction (Denier*Ply)	Recommended Needles (NM)	Make Up (Meters)
60	45	210*2	80-110	2000
40	70	210*3	90-120	1500
30	90	210*4	110-130	3000
20	135	420*3	120-140	1000

Dyeing Machines

We have Italy dyeing machines supported with Indian machines. The vessels are computerized, controlled for better accuracy and have least batch to batch variations.

Laboratory

We have latest colour matching system to check various parameters and washing fastness, staining & wet rubbing etc. for dyed yarn as per ISO Specification.

Hydro Extraction

We have hydro extractor Italy and another from India to meet about 4.0 tons capacity per day.

Winding

We have RESHMI PRECISION Soft Winding/Final Winding machine supported with Italian winding machines for rewinding the dyed yarn on cones.
